Ingredients

Here's a rundown of what you'll need for these easy scallops:

- Sea Scallops – Go for the largest, dry-packed sea scallops you can find. They're meaty,

sweet, and perfect for getting that golden edge with a tender middle.

- Olive Oil – A drizzle of olive oil ensures your scallops get that beautiful sear. It also keeps the scallops from sticking to the air fryer basket.
- Old Bay Seasoning – This classic seasoning brings a blend of spice and warmth to your scallops.
- Salt and Pepper – These staples elevate the taste of the scallops, making every bite just right.
- Butter – Using butter adds richness and depth to the dish. It creates a velvety sauce that coats each scallop beautifully.
- Garlic – It adds a punch of flavor, infusing the scallops with a fragrant, irresistible aroma.
- Lemon Wedges – Serving with lemon wedges allows everyone to add a splash of bright, acidic flavor to their scallops. One squeeze can lift the dish to new heights.
- Fresh Parsley – A sprinkle of parsley not only adds color but also a fresh, herby finish.
